# God Made the Seasons Beautiful!

October is a wonderful time to notice the changes God has placed in His creation. The days become cooler. Leaves change colors. Pumpkins grow in gardens and fields. Apples are ready to pick. Animals prepare for the coming winter. God created each season with a purpose.

Sometimes we wish things would stay the same, but God teaches us that change can be good. Just as the trees change with the seasons, we grow and learn new things too. When something changes, we can remember that God is always with us.

**“He hath made every thing beautiful in his time.”**

Ecclesiastes 3:11

# Grandmare's Pumpkin Bread

## Ingredients:

- 3 1/2 cups all-purpose flour
- 2 teaspoons baking soda
- 1 teaspoon baking powder
- 3 teaspoons pumpkin pie spice
- 1 teaspoon salt
- 3 cups white sugar
- 1 cup vegetable oil
- 4 eggs
- 1 (15 ounce) can pumpkin puree
- 1/2 cup water

## Directions:

1. Ask a grown up to preheat the oven to 350° F. Grease two 9 x 5 inch loaf pans.
2. In a medium bowl, mix the flour, baking soda, baking powder, pumpkin pie spice, and salt.
3. In a large bowl, mix the sugar, oil, eggs, and pumpkin puree until well combined.
4. Add the dry ingredients a little at a time, alternating with the water, and mix until everything is combined.
5. Divide the batter between the two prepared loaf pans.
6. Ask a grown up to put the pans in the oven and bake for 60–70 minutes, or until a toothpick inserted in the center comes out clean.
7. Let the loaves cool before removing them from the pans, slicing, and enjoying!

This delicious pumpkin bread is a wonderful fall treat to share with family and friends!

# How Does a Pumpkin Grow?

A pumpkin begins as a tiny seed and grows into a big, beautiful pumpkin.

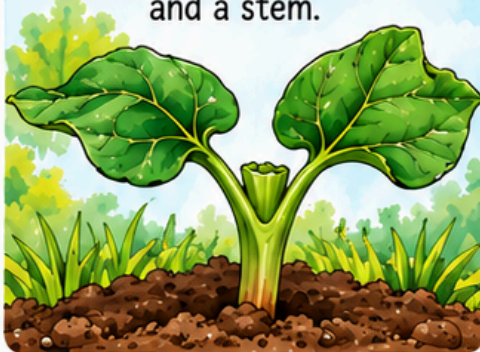

## 1 The Seed

A pumpkin seed is a small, hard seed placed in the soil.

## 2 The Plant

The seed sprouts into a small plant with green leaves and a stem.

## 3 The Flower

The plant grows bigger and produces yellow flowers. These flowers will later help make pumpkins.

## 4 The Pumpkin

After a pumpkin flower is pollinated, a small green pumpkin begins to grow.

## 5 The Harvest

The green pumpkin grows larger and turns orange when it is ready to pick. This can take several months.

## 6 Pick and Enjoy!

When the pumpkin is big, hard, and bright orange, it is ready to harvest. Pumpkins can be used for food, decorations, and so much more!

## Did You Know?

Pumpkins are actually a type of fruit! They grow on vines and can come in many different sizes, shapes, and colors.

## Think About It!

What does a pumpkin need to grow?  
What color pumpkins have you seen?  
Have you ever picked a pumpkin?
